

## Acompte paypal

Posted by kaza - 30 May 2013 12:25

---

Bonjour,

J'ai besoin d'eclaircissement...

Je viens de tester le paiement paypal avec un acompte.

Cela fonctionne très bien.

En revanche cela n'apparait pas ni dans les mails de retour (c'est l'intégralité du montant qui est précisé) ni dans les rapports.

Est il possible d'integrer le montant de l'acompte dans les comptes de rapport comme l'est la commission?

Merci de votre aide.
